## CROWN PRINCE WANTS TO BE "SUBSTITUTE"

WASHINGTON, February 16.—Former Crown Prince Frederick William of Germany, in a personally transmitted cable to President Wilson, offers himself as a sacrifice to the allies in lieu of the 900 Germans the allies have demanded to be given up for trial.

His message was sent from Weiringen Island, Holland, and similar cablegrams are understood to have been forwarded to the Kings of England, Belgium and Italy, the Emperor of Japan and the President of France. The message to President Wilson follows:

"Mr. President: The demand for the delivery of Germans of every walk of life again has confronted my country, sorely tried by four years of war and one year of severe internal struggles with a crisis that is without precedent in the history of the world as affecting the life of a nation.

"That a Government can be found in Germany which would carry out the demand surrender is out of the question; the consequences to Europe of an enforcement of the demand by violence are incalculable; hatred and revenge would be made eternal.

"As the former successor to the throne of my fatherland I am willing, at this fateful hour, to stand up for my compatriots. If the Allied and Associated Governments desire a victim, let them take me instead of the 900 Germans, who have committed no offense other than that of serving their country in the war.

"WILLIAM."

What action the President might take on the message, which presumably was identical with that reported in Amsterdam dispatches, as sent to the rulers and Presidents of other Powers opposed to Germany in the war, was not disclosed.

There was a suggestion at the White House that he might reply, making his message the vehicle for a re-expression of the opposition to trial of the former German Emperor or other enemy officials expressed by American delegates in Paris.

In certain quarters, however, the opinion prevailed that he would not acknowledge its receipt, since, it was pointed out, the United States is not a party to the treaty or a member of the League of Nations, and has no legal voice in any proceedings as to extradition of German officials or officers for trial.

The message did not come through State Department channels, but direct from the refugee in Holland of the former German heir apparent. It has not come officially to the attention of Secretary Robert Lansing, and he would not comment on it in any way.

It was indicated, however, that any action Mr. Wilson might take with regard to it would be more of a personal observation on the situation than an official expression.

## INSTRUCTOR HAD TO RESIGN PLACE

Failing Health Cause of Prof. Lowry's Giving Up Position.

Prof. E. A. Lowry, of 412 Woodland avenue, Chattanooga, Tenn., who has been identified with some of the leading business colleges of the South, says he feels it his duty to give out a statement about the benefits he has derived from the use of Tanlac. In relating his experience with the famous medicine Prof. Lowry says:

"I have been a teacher for thirty years, and twenty years of that time I was afflicted with indigestion. I have been treated by many specialists in different places where I have lived, but none of them was able to relieve my sufferings. I got into such a miserable state that I had to resign my position with the Chattanooga Business College, for I was unable to go on with my work.

"One of my friends in a neighboring city where I was visiting recommended Tanlac to me, and the results after taking it have been marvelous. Before taking Tanlac I was too weak to lift or carry anything heavy or even to walk any distance without getting sick and faint. Now I feel like a new man, can lift and carry quite heavy articles and my stomach trouble has entirely disappeared. My appetite is splendid, I sleep like a log and my nervousness is about all gone."

Tanlac is sold in Paris at the People's Pharmacy.

Double-entry bookkeeping, originally Italian bookkeeping, was used by Burgo at Venice in the Fifteenth Century.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## MOTION PICTURES OF LEXINGTON'S RIOT.

LEXINGTON, KY., Feb. 16.—Motion picture films taken during the riot here last week, will be used by the grand jury now in session here, in identifying leaders of the mob which tried to take Will Lockett, negro murderer, from the officers.

A complete record of the clash was photographed on the film of at least one operator, who continued to turn the crank of his camera even after J. M. Rogers, one of the victims, fell directly in front of the machine.

Mayor Thomas C. Bradley announced Wednesday that no motion pictures of the riot would be shown here if he could prevent it. He felt that such an exhibition would unnecessarily incite the public.

A conference was held Wednesday between Circuit Judge Charles Kerr and Commonwealth's Attorney John R. Allen, but, when asked as to grand jury investigation, kept silence. It generally is believed that the matter will be left to the decision of the grand jurors themselves.

The riot death toll was increased to six Wednesday afternoon when James Massengale, 36 years old, shot through the left lung, died. He leaves a widow and three children. The other wounded are recovering.

Lexington remained under modified martial law until Thursday night.

Funeral services of B. F. Carrier, L. M. King and J. M. Rogers were held here Wednesday. Coroner Anglin conducted an inquest Friday morning.

Shelby Armstrong, fireman on duty at Scoville Engine House No. 6, was arrested late Wednesday on orders of military authorities. Armstrong is said to have refused to allow soldiers to use a telephone in the engine house Monday night when martial law was in effect.

A feeling of great relief has pervaded the city following the removal of Lockett to Eddyville.

The best of relations existed between the soldiers on guard and the townspeople.

Soldiers picked up Wednesday and most of them had expected to be on their way back to Camp Zachary Taylor that afternoon.

City police Wednesday reassumed handling traffic and patrolling their beats.

Major E. B. Ellis, wealthy public-spirited citizen, is being praised on all sides. Monday, after the state troops and city officials had been long on duty and had restored order, he learned that many had been without food since the day before. As soon as the streets were made passable, he had an abundant supply of food sent from the Phoenix Hotel.

Major Ellis Wednesday announced he would give \$100 to head a fund for benefit of Patrolman John Clancy, who was so badly wounded in the left arm during the riot that his arm had to be amputated.

It is understood here that Governor Morrow will seek passage of a bill to grant the Clancy family a pension of \$5,000.

## STOMACH O. K.

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion, pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

## RICHMOND PRAISES THE DERSON MUSICAL FIVE.

The Derson Musical Five who filled a remarkably successful three-weeks' engagement at the local picture houses, "caught" the people of Richmond and won their favor, according to the following from the Daily Richmond Register:

"The patrons of the local theatres will miss the good music which has been given by the Derson Five during the past two weeks' engagement. Miss Ward contracted for their appearance in this city for one week, but so pleased was everyone by their work that she kept them over for this week, and on Saturday night they finished their contract in this city. The entire company is comprised of artists with Mr. Jack Robins playing the banjo, Miss Grace Graves at the piano, E. P. Ritchie, drums, Miss Helen Derson, violinist and Mr. E. P. Derson, saxophone. A return engagement will be welcomed by the music lovers of Richmond."

DOLLARS AND CENTS

Counting it only in dollars and cents, how much did that last cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.
